MORE DIE IN MAY DAY RIOTS ABROAD

Number Injured in Europe
and Montevideo—Bomb
Shatters Havana Hall.

VALENCIA, Spain, May 2 (by the Associated Press).—The security police yesterday fired on a crowd of syndicalists who were holding a demonstration wounding three men. They also arrested sixty-five persons of another group of syndicalists, who were celebrating May day without authorization. During the troubles incident to the holiday syndicalists fired on a tramcar, wounding a woman.

The syndicalists had demanded permission to hold a demonstration in sympathy with Russia, and distributed pamphlets protesting against the allied blockade of Russia. The governor refused them permission. At noon a group of 300 syndicalists gathered in Colon street, where the consulates of the allies are situated. They carried flags and raised shouts of "Long live the Russian revolution!" It was at this point that the security police interfered and fired on the demonstrators.

One Killed at Rome.
ROME, May 2.—A number of May day demonstrators at Pola, Austria, yesterday tried to pass through a street barricaded by soldiers, and when their way was barred attacked the soldiers. The soldiers fired on the crowd, wounding thirty persons. One officer was killed.

Two Killed at Turin.
ROME, May 1.—Two alleged anarchists were killed and thirty wounded at Turin in a May day clash today with a detachment of the royal guards. A group of men carrying the black flag attacked the guards with rifles and hand grenades, seriously wounding two guards. The guards then opened fire. One passerby was wounded in San Carlos square by a bomb thrown by a demonstrator.

Twelve Wounded at Montevideo.
MONTVIDEO, Uruguay, May 1.—Twelve persons were wounded by revolver shots in a fight between the police and 500 workers during the May day demonstration. The shooting began when the police intervened to stop workers from attacking street cars, one of which was overturned and others stoned. The street car employees were virtually the only workers who did not join the May day strike.

Explosion at City Hall, Havana.
HAVANA, May 3.—An explosion occurred tonight at the entrance to one of the city hall departments in the old presidential palace, near the Plaza d'Armas, blowing out the framework of the doorway and badly wrecking the interior of the room. So far as is known no one was injured. All the glass windows in a building on the opposite side of the street were shattered. No trace of a bomb, however, has been found so far, and there is no clue to the perpetrators.

LAURETTE TAYLOR PLAY AGAIN ON TONIGHT

Taking Precautions Against Dis-
turbance—Washington Pick-
et's Inquiry.

LONDON, May 3 (by the Associated Press).—A second effort will be made to produce "A Night in Rome" in which Laurette Taylor is the star, at the Garrick Theater tonight. The American ambassador, John W. Davis, and Mrs. Davis, who were present in the theater last Thursday night, when the first performance of the piece was broken up by a gallery demonstration, have accepted invitations to attend tonight's performance.

At the theater it was said today that no trouble was expected tonight, but it was added: "We have taken our own methods to cope with trouble if it occurs." At least potential causes of trouble are likely to be present, as every holder of a ticket for Thursday night's performance is entitled to admission tonight.

A cablegram to Ambassador Davis from the Irish pickets in Washington, signed "Mary Walsh, captain of the Washington pickets," says: "Press reports say that Laurette Taylor, American actress, was stoned by the British in your presence. Do you consider this an insult or assault to the American ambassador, according to the law of nations? Will you instruct the British foreign office, as the British ambassador instructed the American Secretary of State to charge as felons American women peacefully displaying the truth about Ireland on Washington sidewalks in the sacred precincts of the British embassy?"

The stage setting of the play has been changed, so that those in the highest gallery will be able to see perfectly, thus removing the alleged cause for complaint on Thursday night.

The American embassy announced that Mr. Davis saw no reason for American in Thursday's demonstration.

PANAMANS PROTEST U. S. ACQUISITION OF ISLAND

Several Thousand Paraders Turn
Back Automobile Bearing Gen.
Pershing to Honor Function.

PANAMA, May 2.—Several thousand Panamanians tonight marched through the streets in a torchlight parade as a protest against the acquisition by the United States of the major portion of Taboga Island for the purpose of fortification as part of the Pacific defense scheme of the Panama canal. An automobile in which Gen. Pershing was driving to a ball in his honor at the Union Club, was halted by the procession and forced to return to the Rivoli hotel.

Mobs later formed in the streets and irresponsible persons threw rocks at prominent Panamanian officials, a number of whom were injured. Mounted policemen, acting on orders of Mayor Boyd, charged and dispersed the demonstrators.

Mal. Gen. Chase W. Kennedy, commander of the American troops in the Canal Zone, following receipt of reports of the rock throwing, ordered all American officers attending the ball to leave immediately.

Earlier in the evening Gen. Pershing attended a reception at the Bahia administration building, where thousands of American employees shook hands with him. Tomorrow he will inspect the Atlantic canal defenses.

MISCALLES PEDESTRIANS.
London Bobby Refers to Them as
Presbyterians at Trial.

LONDON, April 26 (Correspondence of the Associated Press).—A policeman giving evidence at a witness box against a man charged with beating, said he had seen the prisoner stop "right Presbyterians."
